

About BFFL Co

BFFL Co was founded in 2011 by Elizabeth Chabner Thompson, MD, MPH, a radiation oncologist trained at Johns Hopkins University School of Medicine and the Harvard Hospital Systems. After many years of working as a clinician, and after undergoing surgery herself, Dr. Chabner Thompson realized that in order to recover, patients need more than flowers and chocolate. They need someone to “pack their hospital bag” and prepare them in a way that preserves their dignity and makes them feel cared for, comfortable, and empowered.

BFFL Co's products and services improve the patient experience before, during and after hospitalization in a way that promotes healing, preserves dignity and enhances recovery. BFFL Co's product line includes the award-winning BFFLBag® recovery kits, bras and other garments, amenities kits, rehabilitation tools, and much more.

BFFLBags®

BFFLBags® are recovery bags pre-packed with medical, personal care and other products designed to help patients recuperate from breast cancer and other surgeries or treatments.

This beautiful breast surgery recovery kit is a bright pink quilted designer zip tote bag packed with everything needed for surgical recovery, such as: our specially-designed axillapilla® comfort pillow; wound and drain care supplies; mybody® skin care gift pack; Bio-Oil® moisturizing scar treatment; toiletries, organizing tools and instructions; KIND bar; and more. The stylish yet lightweight bag will keep spirits high during recovery, and help the transition back to active life as a gym bag, shopping tote, or laptop case!

Each bag comes carefully wrapped in tissue and accompanied by a handwritten note card. BFFL Co will donate 15% of net proceeds to Friends Fighting Breast Cancer. Bag can be purchased by a patient for herself or as a get-well gift for a friend or loved one facing surgery.

“ I cannot tell you how wonderful it was to receive a BFFLBag prior to my surgeries for breast cancer. I love my pillow, the duffel bag is awesome and all the wonderful supplies, from creams to notebooks to card holders and bandages, made the whole experience of treatment so much easier. I have struggled with what to do for someone else with a cancer diagnosis, but now I know....Great gift of love from one friend to another! ”
